Dear Student

I would firstly like to congratulate you on your results and for the work you put in during the summer exam series. Please find enclosed your Statement of Results for this summer's examinations which I trust will contain the grades you were expecting.

Should you have queries regarding your results, the awarding bodies have several services available to help. If you have questions regarding a specific exam or grade boundaries, please email the relevant subject leader who will be able to help you.

If you would like to have a paper (script) reviewed by the exam board, please discuss this with the Subject Leader in the first instance and then refer to the deadlines and exam board fees below.
